

MSW ADVANCED STANDING  
ELIGIBILITY CONFIRMATION

Name:

---

I confirm that I have read the [MSW Advanced Standing Program web page](#). I understand the eligibility to apply for the Advanced Standing Program at the University of Washington. I meet the eligibility requirements because:

**1) You must select in order to qualify for Advanced Standing:**

- I have graduated spring 2012 or after, or will graduate by the end of spring term 2017 from the following university/campus:

\_\_\_\_\_.

**2) Please select one that applies:**

- I am attending or have graduated from an undergraduate program that is accredited by the [Council on Social Work Education \(CSWE\)](#), *or*
- I have completed the process of the [CSWE International Social Work Degree Recognition and Evaluation](#) and my degree has been found equivalent to a BASW accredited by CSWE, *or*
- I have a Canadian bachelor's level social work program accredited by [CASWE](#) (formerly CASSW)

**3) Please select one that applies:**

- I have earned a grade of 3.00 or above in each class **required** for my major program of study, *or*
- I have earned a major GPA of 3.50 or above in the classes **required** for my major program of study.

Further, I understand that Advanced Standing Eligibility must be verified before I begin the program in summer quarter, should I be accepted. I am aware that my transcript will need to be submitted in a timely manner after the end of my degree program to confirm my grades in all classes required for the major and that my degree has been posted on my official transcript.

If I am offered admission, but my academic performance drops below the standards detailed above (section 3), my Advanced Standing offer will be rescinded. Also, if I do not complete my degree by the end of spring term 2017, my Advanced Standing offer will be rescinded.

*\*Applicants who do not meet Advanced Standing eligibility are still able to apply to the MSW DAY or EXTENDED DEGREE PROGRAM options and should follow the directions for one of those options. However, if applicants choose to apply and are admitted to the MSW Day or Extended Degree program they will need to complete ALL coursework as outlined in that program of study.\**
