This booklet is not an official graduation list. While every effort is made to ensure accuracy, printing deadlines may result in omission of some names and the inadvertent inclusion of others who have not completed graduation requirements as intended. This printed booklet should not be used to determine a student’s academic or degree status.

The University’s official registry for conferral degrees is the student’s permanent record, maintained by the UW Office of Graduation and Academic Records.
As members of the University of Washington School of Social Work, we commit ourselves to promoting social and economic justice for poor and oppressed populations and enhancing the quality of life for all.

**OUR MISSION**

At the UW School of Social Work, impact is our North Star. We are committed to advancing social and economic justice by discovering, testing, and implementing scientifically and culturally sound solutions to the most intractable problems of our time.

To that end, we are redefining how we educate our students, research and implement social interventions, and engage with community partners to co-create sustainable change. Innovation is our mindset and equity is our touchtone in all that we do to accelerate social change – especially for those living at the intersection of poverty and inequality.
