

E. ROBERTO ORELLANA

University of Washington School of Social Work
4101 15th Avenue NE, Seattle, WA 98105
Email: popolvuh@uw.edu

RESEARCH INTERESTS

Social and structural determinants of health among marginalized communities
Substance abuse and HIV interventions among vulnerable populations
Trauma-related risk behaviors
Indigenous/Latinx health
Impact of COVID-19 on racial/ethnic minority populations
Population health

LANGUAGES

Full professional proficiency: English & Spanish
Intermediate working proficiency: Portuguese

EDUCATION

- 2009 PhD Social Work, Columbia University, New York, NY
Concentration: Prevention Science
- 2009 MPhil Philosophy, Columbia University Graduate School of Arts and Sciences, New York
- 2005 MPH University of Washington School of Public Health, Seattle, WA
Concentration: Social and Behavioral Sciences
- 2005 Graduate Certificate in Global Health, University of Washington
- 2004 MSW University of Washington School of Social Work, Seattle, WA
Concentration: Mental Health
- 2002 BA Psychology, University of Washington, Seattle, WA

POST-DOCTORAL TRAINING

- 2021 Higher Education Leadership Program, Harvard Graduate School of Education. Boston, MA.
2020 program postponed due to COVID-19 pandemic.
- 2013 – 2015 Research Fellowship: The Indigenous Substance Abuse, Medicines and Addictions
Research Training. Indigenous Wellness Research Institute, Seattle. Sponsored by NIDA.
- 2013 HIV Research Methods and Intervention Science Training. NIH Office of AIDS Research,
Sponsored by NIDA and OBSSR. Bethesda, MD.

- 2012 HIV Prevention with Racial/Ethnic Minorities. Division of AIDS Research, NIMH.
- 2009 – 2012 Research Fellowship: HIV Intervention Science Training Program. Social Intervention Group, Columbia University, NYC. Sponsored by NIMH.
- 2009 Global Health Delivery, Harvard University School of Public Health. Boston, MA.

ACADEMIC APPOINTMENTS

- 2021 – Present Professor, UW School of Social Work
- 2019 – Present International Honorary Professor, Universidad Nacional Intercultural de la Amazonia (*Intercultural National University of the Amazon*). Ucayali, Peru.
- 2018 – 2021 Professor, PSU School of Social Work
- 2016 – 2020 Associate Dean for Research and Sponsored Projects
PSU School of Social Work
- 2016 – 2021 Affiliate Professor, Oregon Health & Science University-PSU
School of Public Health
- 2015 – Present Collaborating Faculty, Harvard University School of Public Health,
Multidisciplinary International Research Training Program
- 2014 – 2018 Associate Professor, PSU School of Social Work
- 2013 – 2016 Visiting Scholar, University of California San Diego,
School of Medicine, Global Public Health
- 2010 – 2021 Affiliate Professor, Oregon State University
College of Public Health & Human Science
- 2009 – 2021 Affiliate Professor, PSU Indigenous Nations Studies
- 2009 – 2012 Visiting Research Scientist, Columbia University School of Social Work
- 2008 – 2014 Assistant Professor, PSU School of Social Work

CURRENT RESEARCH

R34 NIMH (Dolcini, M.)

National Institute on Mental Health

05/01/2020 - 06/30/2023

A Community-Based Dissemination Intervention to Expand the HIV-Testing System

This project is developing an intervention to disseminate Oral-HIV self-test kits (Oral-SIT) in the MSM community through culturally appropriate commercial settings and social events. This approach

addresses barriers to venue-based testing and the failure of the current pharmacy based dissemination of Oral-SIT. Role: Co-Investigator. (\$607,537).

**Culturally Tailored COVID-19 Contact Tracing Training for Social Workers (Orellana)
Oregon Health Authority & Oregon Latino Leadership Network**

This project will train 50 Latinx social work students (BSW & MSW) as COVID-19 contact tracers. Once trained (over the fall quarter/2020), contact tracers will utilize their COVID-19 prevention knowledge in their field placements throughout Oregon. Impact of the program will be evaluated throughout 2020/21. Role: Principal Investigator. (\$400,000).

U62PS005087 (Orellana & Menza)

Centers for Disease Control and Prevention

01/01/2016 - 12/31/2023

National HIV Behavioral Surveillance (NHBS): Portland-Vancouver-Hillsboro MSA

NHBS informs policy and practice by conducting bio-behavioral surveillance among high-risk populations, including MSM, people who inject drugs and heterosexual individuals at increased risk for HIV and other sexually transmitted infections in the United States.

Role: Co-Principal Investigator. (\$3,585,400).

T37MD014208 NIMHD (Walters, K.)

07/19/2019 – 11/30/2023

LUNA: International Indigenous Health Research Training Program

International health research training program in Latin America (Peru & Guatemala), Nepal, and Hawai'i to 45 qualified doctoral and post-doctoral trainees from indigenous backgrounds who have been historically underrepresented in biomedical and socio-behavioral research careers.

Role: Peru & Guatemala Preceptor. (\$1,342,795).

UL1GM118964 EXITO

07/01/2016 – 06/30/21

National Institutes of Health

Research Learning Community (RLC)

This award enhances institutional research capacity by supporting faculty development and collaboration. Our RLC supports a tiered mentoring approach with multidisciplinary members at different levels of seniority. Members of the RLC receive training in mentoring across differences to support the research experiences of minority investigators. Role: Principal Investigator. (\$25,000).

RESEARCH GRANTS UNDER REVIEW

Johns Hopkins University Discovery Awards

Implementation of HIV Self-Testing Among Native American in the Navajo Nation.

Role: Co-Investigator

Native American Research Center for Health – NIH (MPI: Pearson C. & Walls, M.)

Fond Du Lac NARCH Epidemiological Project (Health Surveillance among Midwest Tribes).

Role: Co-Investigator.

The Indigenous HIV/AIDS Research Training 3 (IHART3) ITZA Program (Walters, K.)

NIMH Research Education Mentoring Program for HIV/AIDS Researchers.

Role: Co-Investigator.

RESEARCH GRANTS CURRENTLY IN PREPARATION**R01 NIAAA (Orellana, R. & Lowe, J.) - Resubmission***Talking Circle intervention for the prevention of alcohol use among Indigenous youth*

Role: Co-Principal Investigator.

R34 NIDA (Orellana, R.)*Piloting a drug abuse and HIV risk reduction intervention among homeless youth.*

Role: Principal Investigator.

COMPLETED RESEARCH**Key 2 Oregon Study****Oregon Health & Science University**

07/01/2020 – 08/30/2020

This study tests, tracks and maps COVID-19 symptoms, and new infections, of up to 100,000 Oregonians in real time. Results will inform interventions and will help keep Oregon open while protecting against new infections. Role: Co-Investigator. (\$8,000,000).

U17CE002751**Centers for Disease Control and Prevention**

09/01/2015 - 09/31/2020

Oregon Prescription Drug Overdose Prevention Program

This project advances and evaluates comprehensive state-level interventions for preventing prescription drug overuse, misuse, abuse, and overdose. Interventions will address drivers of the prescription drug overdose epidemic, particularly the misuse and inappropriate prescribing of opioid pain relievers. Role: Principal Investigator of Evaluation with Oregon Health Authority. (\$634,760).

Oregon Health Authority

07/01/2019 – 06/30/2020

Sexually Transmitted Infections Surveillance. This project conducts bio-behavioral surveillance among high-risk populations in the Portland region at increased risk for sexually transmitted infections, including Hepatitis C. Role: Principal Investigator. (\$50,000).

Oregon Health Authority – HIV/STI Prevention Division

02/01/2018 - 03/31/2019

Racial/Ethnic MSM HIV Behavioral Surveillance

This study conducts bio-behavioral surveillance among high-risk populations of Black and Latino men who have sex with men (MSM) at increased risk for HIV and other sexually transmitted infections. Role: Principal Investigator. (\$190,000).

U79SM061759**Substance Abuse and Mental Health Services Admin.**

09/30/14 - 09/29/2019

Oregon Caring Connections: Youth Suicide Prevention Initiative

This structural intervention implements suicide prevention strategies targeting half a million youth aged 10-24 in Oregon. Interventions are delivered by community mental health programs, health centers, schools, addiction and mental health clinicians, veteran organizations, and Tribal agencies. Role: Principal Investigator of Subcontract with Oregon Health Authority. (\$418,800).

UL1GM118964 EXITO

07/01/2016 – 09/30/17

National Institute of General Medical Science*EXITO R03: Substance Abuse and HIV Prevention Among Homeless Youth in Portland*

This study uses mixed-methods research strategies to explore and identify risk and protective factors that will be used to inform risk-reduction interventions with homeless youth at high risk for HIV infection and drug use. Role: Principal Investigator. (\$50,000).

R01 - DA029899 (PI: Brouwer; Diversity Supplement PI: Orellana) 08/01/13 - 07/31/16
National Institute on Drug Abuse

Crossing Borders: HIV and Substance Use at the Gateway to North America

We 1) examined the nature and impact of social support on substance abuse and HIV risk behaviors among MSM in the Mexico/Guatemala border region; 2) evaluated whether substance abuse and HIV risks behaviors among MSM differed between Mexico and Guatemala, and 3) examined the availability of substance abuse and HIV prevention services for MSM, and evaluate patterns of service utilization in the region. Role: Principal Investigator of Diversity Supplement. (\$208,000).

P60 - MD006909 (Walters) 05/01/13 - 09/30/16

National Institute of Minority Health and Health Disparities

Indigenous Wellness Research Institute National Center of Excellence

The Indigenous Substance Abuse, Medicines and Addictions Research Training. Funding from this research training program was used to establish relationships for community-based participatory research activities with Mayan communities in Guatemala.

Role: Research Fellow and Principal Investigator of pilot study.

Faculty Research Enhancement Grant (Orellana) 07/01/14 - 06/30/16

Portland State University

Social and health services utilization by migratory homeless youth in the Pacific Northwest

This study partnered with homeless youth-serving agencies to examine service utilization experiences of migratory homeless youth in Portland and Seattle. The study explored the experiences of two groups of people: 1) migratory homeless youth (ages 16 to 24), and 2) social/health service providers.

Role: Principal Investigator. (\$15,000).

Health Disparities Research - Loan Repayment Program (Orellana) 07/01/14 - 06/30/15

National Institute of Minority Health and Health Disparities

HIV and substance abuse prevention research with MSM in the Mexico/Guatemala border.

Role: Principal Investigator.

R01 - TW008398 (Blas) 07/01/10 - 04/30/14

NIH Fogarty International Center

Randomized Controlled Trial to Evaluate the Effect of a Web-Based HIV Prevention Intervention

This study tested the efficacy of a web-based HIV intervention that included the delivery of videos tailored to different barriers/reasons MSM have for not getting tested for HIV, as well as HIV testing motivational messages sent via cell phone, email, and instant messaging robots.

Role: Co-Investigator. (\$160,920).

Faculty Research Enhancement Grant (Orellana) 07/01/10 - 06/30/13

Portland State University

Exploring HIV risks among indigenous MSM in Latin America (Mexico and Guatemala).

This study explored how social, behavioral and structural factors influence the sexual and HIV risk practices of indigenous men who have sex with men (MSM) across two different Latin American countries: Mexico and Guatemala. Role: Principal Investigator. (\$15,000).

HIV Intervention Science Training Program Grant (Orellana) 06/15/09 - 06/30/13

Exploring HIV risks among Amazonian men who have sex with men (Peru).

Funded by NIMH, Grant # R25 - MH080665 (PI: El-Bassel). This qualitative study explored the lived experiences and contexts of HIV/STI risk-taking, as well as the availability, accessibility and acceptability of health and prevention services among indigenous MSM in the Peruvian Amazon.

Role: Principal Investigator. (\$20,000).

Loan Repayment Program – Health Disparities Research (Orellana) 07/01/10 - 07/30/12

National Institute of Minority Health and Health Disparities

HIV prevention research with indigenous MSM in Latin America. Role: Principal Investigator.

F31 - MH076719 (Orellana) 06/09/06 - 05/21/09

Ruth L. Kirschstein Minority Individual Predoctoral Fellowship Program

The purpose of this NIMH minority research training fellowship was to train the candidate on the science of intervention and prevention research in the areas of HIV, drug abuse, intimate partner violence, and their complex co-occurrence.

Role: Principal Investigator. (\$126,194).

Global Health Peru Program Training Grant (Torres-Slimming) 09/01/07 - 05/30/08

NIH-Fogarty Frameworks for Global Health / Universidad Peruana Cayetano Heredia

Indigenous Health in the Peruvian Amazon: Globalization and the health of the Shipibo people

The objective of this Photovoice study was to learn more about the social and contextual factors affecting the health of a group of indigenous people in the Peruvian Amazon.

Role: Primary Scientific Mentor.

U.S. Agency for International Development (Carcamo) 02/13/07 - 02/12/08

HIV in the Peruvian Amazon: Riverboats, ports, and indigenous health.

The objective of this study was to estimate the prevalence of STIs, including HIV, among indigenous communities in the Peruvian Amazon, and assess their knowledge, attitudes and behaviors regarding HIV/AIDS.

Role: Project Director (\$150,000).

PREVEN (Garcia) 06/01/06 - 09/15/06

University of Washington / Universidad Peruana Cayetano Heredia, Lima, Peru

Community Randomized Trial – HIV/STI Prevention in Peru

The goals of this study were to measure and model the impact of standardized interventions on rates of the major, curable, sexually transmitted infections in 20 Peruvian cities. Role: Research Fellow.

R01 - MH062976 NIMH (Roffman) 06/01/03 - 11/30/05

Motivating HIV Risk-Reduction

The objective of this RCT was to test a brief, telephone-delivered, bilingual intervention designed to reduce HIV risk among men who have sex with men. The intervention used motivational interviewing and cognitive behavioral therapy tailored for men at high risk for HIV infection.

Role: Principal Investigator of NIMH Minority Supplement (\$50,000).

Abt Associates Inc. – Cambridge, MA 05/01/04 - 07/15/05

Housing First Study

The purpose of this survey was to determine the possible benefits of supportive housing (housing first model) with formerly homeless individuals with mental illness (Seattle). Role: Research Consultant.

Policy Research Associates, Inc. – Albany, NY

03/01/05 - 07/15/05

MacArthur Housing Leverage Study

This study examined the relationship between mental health treatment and supportive housing with formerly homeless individuals with mental illness (Seattle site).

Role: Research Consultant.

University of Washington - Social Development Research Group 02/01/04 - 06/15/04*Raising Healthy Children (RHC) PI: Catalano & Cross Cultural Families (CCF) PI: Harachi*

Conducted follow-up interviews with longitudinal study participants (RHC). Performed longitudinal data analysis (CCF). Role: Research Interviewer/Analyst.

NIH Multidisciplinary International Research Training Grant 06/01/03 - 06/30/04

University of Washington School of Public Health

Characteristics and Risk Factors for Family Violence in Lima, Peru

Led the design and implementation of research protocols for the study of family violence among low-income adults in a hospital setting in Lima.

Role: Principal Investigator.

CURRENT NIH RESEARCH TRAINING/MENTORING PROGRAMS SERVICE

University of Washington - Indigenous HIV/AIDS Research Training Program - IHART. (NIMH - R25MH084565). Role: Mentor

University of California Global Health Institute Program for Fellows and Scholars (NIH-Fogarty - D43TW009343). Role: Mentor

University of Washington – The Indigenous Substance Abuse and Addictions Prevention Program: Training the Next Generation of Native Scientists. (NIDA - R25DA051343). Role: Scientific Advisory Board Member

Harvard University School of Public Health - Multidisciplinary International Research Training Program. (NIMHD - 5T37MD001449). Role: Advisory Committee Member

Columbia University – HIV Intervention Science Training Program for Underrepresented Investigators. (NIMH - R25MH080665). Role: Advisory Board Member

Portland State University - EXITO Program: NIH Building Infrastructure Leading to Diversity Initiative. (NIGMS - TL4GM118965). Role: Mentor; Research Learning Community Lead

Oregon Health & Science University – Oregon Patient Centered Outcomes Research K12 Program. (AHRQ - K12HS022981). Role: Mentor

NIH REVIEW GROUPS AND SERVICE

2020- Ad Hoc Reviewer. Epidemiology, Prevention and Behavior Research Review Subcommittee. NIAAA. Center for Scientific Review. National Institutes of Health.

- 2012-2020 Ad Hoc Reviewer. Social psychology, personality and interpersonal processes study section. Center for Scientific Review. National Institutes of Health.
- 2011-2021 Ambassador, NIH Loan Repayment Program.

CLINICAL/PROFESSIONAL EXPERIENCE

- 2007 Motivational Interviewing Trainer
Universidad Peruana Cayetano Heredia, Lima, Perú
Provided training on motivational interviewing to Spanish-speaking HIV counselors working on an HIV prevention intervention with indigenous populations in the Peruvian Amazon.
- 2002 - 2005 Motivational Enhancement Therapist
Innovative Programs Research Group, University of Washington School of Social Work, Seattle
Provided motivational enhancement therapy tailored to men who have sex with men at high risk for HIV infection. Administered psychosocial and behavioral assessment batteries.
- 2004 Motivational Interviewing Trainer
Department of Public Health, Seattle-King County
Provided training on motivational interviewing to Spanish-speaking counselors working on an HIV prevention intervention with Latinas in the Seattle area.
- 2004 Motivational Interviewing Trainer. Trained as trainer by W. Miller and S. Rollnick.
- 2002 - 2003 Mental Health Specialist
West Seattle Psychiatric Hospital, Seattle

Provided inpatient mental health treatment to voluntary and involuntarily detained patients. Services provided included psychosocial assessments, individual counseling, and facilitation of group therapy.

2000 - 2002 Medicaid Counselor
Harborview Medical Center, Seattle

Conducted case management and provided counseling to motivate health-seeking behavior to hospital patients. Assisted uninsured patients in obtaining health insurance through the Department of Social and Health Services.

1997 - 2000 Mental Health Case Manager
Downtown Emergency Service Center, Seattle

Provided outreach, engagement, and on-going case management services to homeless adults with mental illness. Coordinated the delivery of psychiatric treatment, arranged for 24-hour support services, and facilitated clients' access to housing, medical care, and substance abuse treatment.

1992 -1997 Homeless Shelter Counselor
Downtown Emergency Service Center, Seattle

Provided orientation, advocacy, information and referral, and crisis counseling to homeless adults, especially persons with mental illness, individuals with disabilities, and those engaged in drug and alcohol treatment.

1992 - 1994 Youthworker
Denny Place Youth Shelter, Seattle

Provided orientation, advocacy, information and referral, and crisis counseling to homeless youth ages 12-17. Worked in collaboration with referring agencies, school counselors, and mental health professionals to ensure that clients received appropriate health and social services.
