

MSW ADVANCED STANDING ELIGIBILITY CONFIRMATION

Applicant Name: _____

Complete all sections and sign below.

1. Please select one that applies:

- I am attending or have graduated from an undergraduate program that is accredited by the [Council on Social Work Education \(CSWE\)](#), or
- I have completed the process of the [CSWE International Social Work Degree Recognition and Evaluation](#) and my degree has been found equivalent to a BASW accredited by CSWE, or
- I have a Canadian bachelor's level social work program accredited by [CASWE](#) (formerly CASSW)

2. Program Information:

- I have graduated, or will graduate by the end of Spring term 2023, from the following university/campus:

I understand that Advanced Standing Eligibility must be verified before I begin the program in summer quarter, should I be accepted. If I am currently in a BASW/BSW program, I agree to email my transcript as soon as my degree is posted to confirm eligibility. Further, if I am offered admission, but my academic performance drops below the general admissions standards, and/or if I do not complete my degree by the end of Spring term 2023, my Advanced Standing offer may be rescinded.

Applicants who do not meet the Advanced Standing eligibility requirements above are still able to apply to the MSW DAY or EXTENDED DEGREE PROGRAM options and should follow the application directions for one of those options. If there are any questions about eligibility, please contact us at sswapp@uw.edu.

Note: If you graduated more than five years ago, it is important to demonstrate continued professional growth through social work experience in your application materials (e.g. professional training, leadership, and advancement in the social work field are also considered).

By signing this form, I confirm that I have read the [MSW Advanced Standing Program web page](#). I understand the eligibility to apply for the Advanced Standing Program at the University of Washington and I believe I meet all eligibility requirements.
